

## VENDOR REGISTRATION CATEGORIES

- Original Equipment Manufacturer of major electrical power equipment.
  - Electric motors
  - Generators
  - Switchboards (including feeder pillars)
  - Transformers
- Original Equipment Manufacturer of high voltage (> 1,000V-ac) electric cables
- Original Equipment Manufacturer of low voltage (< 1,000V-ac) electric cables, earth cables and lightning conductors
- Original Equipment Manufacturers for general engineering parts & instruments
- Design, engineering, installation, testing, commissioning, and repair of large electrical power equipment **(MUST be registered with The Nigerian Electricity Management Services Agency (NEMSA) or its equivalent in the host country where the company is domiciled)**
  - Electric motors ( $\geq 100\text{MW}$ )
  - Generators ( $\geq 100\text{MVA}$ )
  - Transformers ( $\geq 100\text{MVA}$ )
  - HV switchboards
- Design, engineering, installation, testing, commissioning, and repair of small electrical power equipment **(MUST be registered with The Nigerian Electricity Management Services Agency (NEMSA) or its equivalent in the host country where the company is domiciled)**
  - Electric motors ( $< 100\text{MW}$ )
  - Generators ( $< 100\text{MVA}$ )
  - Transformers ( $< 100\text{MVA}$ )
  - LV switchboards
- Original Equipment Manufacturer for power transformer insulation oil (with a breakdown voltage of up to 70kV)
- Original Equipment Manufacturer for lubricating oil, greases, and chemicals
- Inspection and testing of oils, lubricants, and chemicals.
  - Dissolved Gas Analysis (DGA)
  - Dielectric breakdown test (for insulation oils)
  - Machine health tests
  - Lubricant health tests
  - Contamination health test
- Branding
- Training and Capability Development Services
- Provision of other HR Support Services
- Facility Management – installation, O & M, and upgrade of the built environment

- Air transport services and travel desk management
  - Flight bookings (domestic and international)
  - Immigration & visa processing
  - Customs clearance
  - Hotel/accommodation booking (domestic and international)
  - Tourism booking
- Corrosion management services
- Original Equipment Manufacturer: valves
- Original Equipment Manufacturer: compressors (up to 800kW)
- Original Equipment Manufacturer of pumps
- Original Equipment Manufacturer of heat exchanges (multiple types)
- Inspection and certification of physical assets
  - Lifting equipment
  - Boiler and pressure vessels, etc
- Life assessment of physical assets
  - Boilers
  - Generators
  - Turbines
  - Transformers
  - Balance of Plant (BOP) equipment
- Overhaul of steam turbines power plant
  - Boilers (> 12MPa)
  - Generators (>240MVA)
  - Turbines (>20MW)
  - Transformers (>240MVA)
  - Balance of Plant (BOP) equipment
- Maintenance and turnaround of heavy-duty pumps ( $\geq 400\text{kW}$ )
- Maintenance and turnaround of light-duty pumps ( $< 400\text{kW}$ )
- Maintenance and turnaround of heavy-duty Motor Operated Valves (MOVs) ( $> 14,000\text{psi}$ )
- Maintenance and turnaround of light-duty Motor Operated Valves (MOVs) ( $< 14,000\text{psi}$ )
- Maintenance and turnaround of heavy-duty manual valves ( $> 14,000\text{psi}$ )
- Maintenance and turnaround of light-duty manual valves ( $< 14,000\text{psi}$ )
- Maintenance and turnaround of heavy-duty fans ( $> 1\text{MW}$ )
- Maintenance and turnaround of large compressors (up to 800kW)
- Maintenance and turnaround of other static mechanical equipment
  - Heat exchangers
  - Tanks
  - Vessels
  - Process lines (flowlines)
  - HVAC
- Maintenance and turnaround of other rotating mechanical equipment

- Blowers and fans (<1MW)
  - Oil purifiers
  - Seal oil/vacuum system
- Provision of general support and supply services
  - IT (printers, servers)
  - Medical equipment
  - Hand tools
  - Stationeries
  - Administrative Supplies
  - Civil Works
  - Specialized Technical Consultancy
  - Personal Protective Equipment
  - Safety Maintenance
  - General Contracts
